

UC-B160-T

Crestron UC-B160-T – Wall Mount UC Video Conference System for Microsoft Teams® Rooms

- *Front-of-room video conferencing solution for Microsoft Teams® software*
- *Present, call, conference, and collaborate — all through a single smart soundbar and 10.1 in. tabletop touch screen*
- *Native Microsoft Teams touch screen UX — provides a consistent user experience with simple operation and one-touch meeting joins*
- *A complete kit solution — just add displays and mounts*
- *Easy to specify and install — no custom design, programming, or software installation required*
- *Easy to provision and manage through Crestron XiO Cloud™ service*
- *Microsoft® Exchange and Office 365® integration with native Microsoft Teams or Skype® for Business support*
- *Connects and communicates securely over any enterprise or SMB network*
- *Supports single or dual display configuration*
- *High-powered 2-way stereo speaker smart soundbar with 180° far-field adaptive beamforming microphone array, advanced AEC & DSP technology, integrated high-definition USB camera with lossless digital autozoom and HDMI® input for laptop and other AV content sources*
- *10.1 in. (257 mm) tabletop color touch screen with onscreen calendaring and meeting management and optional control of room lighting, shades, thermostats, and other equipment¹*
- *Enterprise-grade security*
- *Complete kit contains the Crestron® smart soundbar & camera, touch screen, UC Engine assembly, cables, power supplies, and 1-year Crestron XiO Cloud Premium subscription²*

The Crestron Flex UC-B160-T system provides a complete video conference room solution for use with the Microsoft Teams intelligent communications platform. It supports single or dual video displays, and features the Crestron UC Video Conference Smart Soundbar & Camera (UC-SB1-CAM-FLEX), which comprises a high-performance, full-duplex conferencing speakerphone and camera in one wall mountable device. Control of the complete system is provided by a high-definition 10.1 in. tabletop touch screen.

Native Microsoft Teams® Experience

Microsoft Teams is the hub for teamwork in Office 365® software, engaging people and bringing them together through messaging, voice over IP, online meetings, conferencing, content sharing, and collaboration. The UC-B160-T system brings the full Microsoft Teams UC experience to any meeting space in an enterprise or SMB facility, whether implementing a cloud based Microsoft Teams deployment, on-premises Skype for Business, or a hybrid of the two.

Crestron® Smart Soundbar & Camera

An incredible front-of-room device, the UC-SB1-CAM-FLEX eliminates the need to install additional cameras, microphones or speakers. Mounted on the wall or placed on a credenza beneath the display(s), the smart soundbar looks great and sounds even better. Its high-powered stereo speakers, adaptive beamforming microphone, and advanced digital signal processing deliver exceptional full-duplex speakerphone performance with highly intelligible, echo-free voice clarity. Its compact design reduces clutter on the conference table, and even accommodates rooms with no table at all.

When mounting on a wall, installation is a breeze using the integral hinged mounting bracket, which attaches easily to the wall and allows the soundbar to be tipped forward for full access to the rear panel connections.

The soundbar's integrated 180° far-field microphone array faithfully captures voices throughout the room using adaptive beamforming technology to focus in on whoever is speaking. Its high-powered, two-way stereo speakers produce full, rich and real sounding audio for both voice and program material. High-performance AEC technology achieves transparent full-duplex performance free of distracting echo or noise. Wideband audio codec support allows for full-spectrum, bidirectional voice communication.

UC-B160-T

Crestron UC-B160-T – Wall Mount UC Video Conference System for Microsoft Teams® Rooms

The integrated Huddly IQ™ camera features an ultra wide-angle 150° diagonal field of view to capture an entire conference room in Full HD 1080p video resolution. High precision aspherical optics, 12 MP CMOS sensor, and advanced video processing ensure an immersive, crystal clear video image free from light or noise artifacts or optical aberrations. Genius Framing digital autozoom intelligently detects the people in the room and frames them perfectly for an optimal view. With Genius Framing, there's no need to control the camera manually or rely on stored presets.

The smart soundbar features a multicolor LED status bar, which displays the volume setting and changes color to indicate operation and mute status.

10.1 in. Touch Screen

With its clean, contemporary design highlighted by edge-to-edge glass and stunning color graphics, the Crestron TSW-1060 series touch screen makes an elegant statement on any tabletop. PoE (Power over Ethernet) connectivity and a range of mounting options make installation simple for both new and retrofit applications. Voice commands and the screen's five soft-touch buttons make presenting content, scheduling meetings, and connecting with the rest of your team effortless.

Tabletop Kit for TSW-1060

The TSW-1060-TTK provides a stylish and convenient tabletop enclosure for a TSW-1060 Touch Screen. The touch screen is angled when installed in the enclosure. The complete assembly may be placed on any flat, level surface. Wiring may be passed out the rear of the enclosure through a grommet and strain relief, or routed through the bottom for a very clean, cordless appearance.

UC-ENGINE Assembly

All the capabilities of a complete Microsoft Teams video conferencing and content sharing solution are empowered by the UC Engine. For ultimate performance, Crestron employs a powerful Intel® NUC Mini PC running Microsoft® software with built-in Crestron XiO Cloud provisioning. The UC Engine forms the core of the UC-B160-T system, providing extreme processing performance, Gigabit Ethernet, and complete connectivity for one or two HD displays and the smart soundbar.

Presenting and sharing content from a laptop PC is facilitated through a single HDMI® input, supporting full-motion HD video and audio via the included HDMI to USB converter. The converter and UC Engine are mounted together on a bracket, which comes fully pre-assembled and ready to install behind the display device(s). All required cables are included for a complete and simple installation. Just add your choice of HD displays, display mounts, two LAN connections, and AC power.

Network Management and Security

Crestron Flex is an enterprise-grade solution, engineered in partnership with Microsoft to integrate seamlessly into any Microsoft Teams or Skype for Business deployment. Crestron Flex is ideally equipped for mass deployment throughout any-sized corporate, university, medical, military, or government facility.

IoT cloud based provisioning enables complete network configuration in advance of hardware delivery, with touchless updates following installation. Crestron Fusion® or Crestron XiO Cloud management enables monitoring and logging of room and equipment usage, as well as centralized help desk support. Advanced security features ensure privacy, reliability, and compliance with your organization's IT policies.

Crestron XiO Cloud™ Provisioning and Management Service

The UC-B160-T is compatible with the Crestron XiO Cloud™ service, which is an IoT (Internet of Things) based platform for remotely provisioning, monitoring, and managing Crestron devices across an enterprise or an entire client base. The service enables installers and IT managers to deploy and manage thousands of devices in the amount of time it would ordinarily take to manage just one. For more information, visit www.crestron.com/xiocloud.

UC-B160-T

Crestron UC-B160-T – Wall Mount UC Video Conference System for Microsoft Teams® Rooms

Specifications

Included Components

UC-SB1-CAM-FLEX: UC video conference smart soundbar & camera

TSW-1060-B-S: 10.1 in. touch screen, black

TSW-1060-TTK-B-S: Tabletop kit for touch screen, black

UC-BRKT-100-ASSY: UC Engine Assembly, comprised of:

UC-ENGINE: UC Engine for Microsoft Teams video;

HD-CONV-USB-200: HDMI to USB 3.0 converter for content ingest;

UC-CONN-HD: EDID emulator for UC Engine display output;

CBL-MDP-HD-0.5: Mini DisplayPort™ to HDMI converter Mounting bracket

CBL-USBC-HD-9: USB-C™ to HDMI converter cable, USB Type-C male to HDMI Type A male, 9 ft (2.7 m)

CBL-HD-20: HDMI cable for content source, Type A male-to-male, 20 ft (6.1 m)

CBL-HD-THIN-HS-6: Thin HDMI cable for connecting display device, Type A male-to-male, 6 ft (1.8 m)

CBL-CAT5E-7: (2) Ethernet LAN cables for UC Engine, RJ45-to-RJ45, black, 7 ft (2.1 m)

DM-CBL-ULTRA-PC-50: Ethernet LAN cable for touch screen, CAT6a, RJ45-to-RJ45, blue, 50 ft (15 m)

PWE-4803RU: PoE injector for touch screen

CCS-UCA-KB-USB: Wireless keyboard w/touchpad for setup

Smart Soundbar & Camera

Speakers: Stereo 2-way, 20 watts per channel, 3 in. (76 mm) woofers, 3 x 4-3/8 in. (76 x 112 mm) passive radiators, 1 in. (25 mm) dome tweeters, 80 Hz to 20 kHz (±3 dB) frequency response, 91 dB SPL @ 1 m output level (both channels driven at full power)

Microphone: Linear quad-element far-field adaptive beamforming microphone array, 23 ft (7 m) pickup range, 180° horizontal pickup angle, 20 Hz to 8 kHz frequency response

Audio DSP: Acoustic echo cancellation, dereverberation, automatic gain control, dynamic noise suppression, adaptive beamforming, speaker volume control; full-duplex IEEE 1329 Type 1 compliant

Camera Optics: 12 Megapixel Sony® IMX477 Type 1/2.3 CMOS sensor, ultra wide angle six element aspherical glass lens, f/2.8 aperture

Camera Field of View: 150° diagonal, 120° horizontal, 90° vertical

Camera Processing: Intel Movidius® Myriad® X VPU with Neural Compute Engine hardware accelerator, dynamic light optimization, auto white balance, autozoom

Camera Autozoom: Genius Framing automatic lossless digital zoom intelligently frames people in the room

Camera Noise Reduction: 3D noise reduction, bias compensating spatio-temporal filtering, wide area chroma filtering, flicker elimination

Camera Scaling: Real-time scaling, dewarping, and perspective correction

Camera Resolution: HD 1080p @ 30 fps

Camera Color Space: YCbCr 4:2:0, YCbCr 4:2:2, MJPEG

USB: USB 3.0 Type-B port; UAC 1.0, UVC 1.1, & HID; 2-channel stereo far-end/content signal input, 2-channel mono microphone signal output, camera output; for audio, video, and communications interface to UC Engine

Analog Audio Input: 2-Channel stereo via 3.5 mm TRS mini-phone jack, fixed level (bypasses DSP), 1 Vrms maximum per channel for full rated output, for in-room amplification of an external audio source

Analog Audio Output: 2-Channel stereo via 3.5 mm TRS mini-phone jack, fixed level, 1 Vrms maximum, feeds amplified audio content to an assistive listening system

Status Bar: (1) Multi-segment RGBY LED zero-center mutually diverging linear bargraph; Indicates the speaker volume, microphone mute, and speaker mute in red and green LEDs

Main Power: IEC 60320 C14 main power inlet (power cord included), 500 mA maximum @ 100-240 VAC, 50/60 Hz

Enclosure: Lightly textured gunmetal black finish, plastic housing, perforated stainless steel grilles, die-cast aluminum rear cover, steel hinged mounting bracket

Mounting: Freestanding or surface wall mount at ear/face level

Dimensions:

Height: 4.57 in. (117 mm)

Width: 43.60 in. (1108 mm)

Depth: 3.90 in. (100 mm)

Weight: Approximately 15 lb (6.8 kg)

Refer to the [UC-SB1-CAM-FLEX](#) spec sheet for additional specifications and compliances.

UC-B160-T

Crestron UC-B160-T – Wall Mount UC Video Conference System for Microsoft Teams® Rooms

Tabletop Touch Screen

Touch Screen: 10.1 in. (257 mm) diagonal capacitive multi-touch TFT active matrix color LCD, 1280 x 800 pixels, displays Microsoft Teams UI plus optional Crestron Smart Graphics® room control UI¹

Ethernet: 10/100 Mbps; enterprise grade security and management including IEEE 802.1X, Active Directory® authentication, SSL, TLS, SSH, SFTP (SSH File Transfer Protocol), digest access authentication, password login, HTTPS secure provisioning, Crestron XiO Cloud client, IEEE 802.3at compliant

Power over Ethernet: IEEE 802.3at compliant PoE or PoE+ PD (Powered Device);

- Requests 15 Watts from an 802.3at Type 2 PSE with LLDP advanced power management;
- Requests 30 Watts (PoE+ Class 4) from an 802.3at Type 2 PSE without LLDP;
- Requests 15.4 Watts (PoE Class 0) from an 802.3af (or 802.3at Type 1) PSE

PoE Injector: A PoE injector is included to power the touch screen if network PoE is not available

Construction: Plastic tabletop housing, smooth black finish, edge-to-edge glass with black surround

Dimensions:

Height: 5.42 in. (138 mm)

Width: 10.23 in. (260 mm)

Depth: 5.69 in. (145 mm)

Weight: 41.2 oz (1166 g)

Refer to the [TSW-1060-B-S](#), [TSW-1060-TTK-B-S](#), and [PWE-4803RU](#) spec sheets for additional specifications and compliances. One additional TSW-1060 series touch screen may be added.

UC Engine Assembly

Mini PC: Intel NUC Kit NUC6i7KYK

Processor: 6th generation Intel Core® i7-6770HQ processor with Intel Iris® Pro Graphics 580, 8 GB RAM, 128 GB SSD, Intel I219-LM 10/100/1000 Mbps Ethernet, Windows® 10 IOT Edition OS

UC Client: Microsoft Teams or Skype for Business

Management Client: Crestron XiO Cloud Service

USB: USB 3.0

Content Ingest: HDMI input via HDMI to USB 3.0 converter (model HD-CONV-USB-200, included)

Display Output: Single or dual display support, native Mini DisplayPort (primary) and USB Type-C (secondary) outputs, HDMI outputs enabled via converter cables (included)

Camera Input Resolution: HD 1080p @ 30 fps

Content Input Resolution: HD 1080p @ 60 fps

Display Output Resolution: HD 1080p @ 60 fps

Power: 19 VDC via external 100-240 VAC, 50/60 Hz adapter (included)

Construction: Metal mounting bracket, black, preassembled with UC Engine and USB to HDMI converter

Mounting: Surface wall mount behind the display device, or attach to the rear of the display device via the bolts attaching the display to a VESA® compliant display mount; the Crestron bracket includes mounting holes on both side edges, spaced 100, 200, and 300 mm vertically, to allow for attachment to either side of the display mounting plate

Dimensions:

Height: 16.00 in. (407 mm)

Width: 14.00 in. (356 mm)

Depth: 1.62 in. (41 mm)

Refer to the [UC-ENGINE](#), [HD-CONV-USB-200](#), and [UC-BRKT-100-ASSY](#) spec sheets for additional specifications and compliances.
