

CCS-UC-ZOOM BASIC KIT

Crestron® Zoom Rooms Basic Package

- > A complete Zoom Rooms conferencing and collaboration solution^[1]
- > Designed for conference rooms with up to ten people at a table
- > High-performance 360° microphone, speaker, and control panel in one device
- > 7" (178 mm) HD color touch screen with embedded Zoom Rooms app
- > High-definition USB room camera
- > Mini PC with Zoom Rooms software
- > Dual video outputs for up to two room displays
- > Exceptional full-duplex audio performance
- > Extremely natural 2-way wideband voice quality
- > Integrated 360° quad microphone array
- > High-powered full-range speaker
- > Limes Audio TrueVoice™ AEC technology
- > High-visibility mic mute indication
- > Available add-on mic pods for extra coverage
- > Cloud-based provisioning (coming soon)
- > Enterprise-grade security
- > PoE+ or AC line powered^[2]
- > 100-240V universal power pack included
- > Installation cables included

A Crestron Zoom Rooms solution brings together all the features and user-friendliness of a Zoom Rooms solution with the secure enterprise integration capabilities of Crestron. Cloud-based provisioning (coming soon) affords simplified, zero-touch configuration and updates for any number of rooms across an enterprise network.

The Crestron® Zoom Rooms Basic Package (**CCS-UC-ZOOM BASIC KIT**) combines the **Crestron Mercury™** Tabletop Conference System with **Zoom Rooms** software to deliver a complete collaboration-enabled videoconferencing solution for enterprises that use the Zoom conferencing service. Just add one or two video displays. Everything else is included.^[1]

A Crestron Zoom Rooms solution employs one handsome tabletop device to replace the individual speaker, microphone, and tablet components of a typical Zoom Rooms setup. The Crestron Mercury device (**CCS-UC-1**) serves as a high-performance conferencing speakerphone and touch screen control panel running the Zoom Rooms app. Its 7" color touch screen delivers the same user-friendly Zoom Rooms experience as a typical tablet, but without the risk of misplacing the device. Instead of Wi-Fi®, Crestron Mercury uses wired Ethernet and USB connections to ensure reliable connectivity at all times.

The Crestron Zoom Rooms Basic Package includes an Intel® NUC mini PC, which installs behind the room display(s) and comes preloaded with Zoom Rooms software. A high-definition camera is also included, along with a complete set of installation cables to accommodate a typical huddle room or small conference room application. Easy setup is accomplished using the included USB flash drive and wireless keyboard with touchpad.^[1]

*Note: For applications requiring a video presentation input, or where the wire run between the CCS-UC-1 and NUC is greater than approximately 20 feet (6 meters), please refer to the **CCS-UC-ZOOM EXPANDED KIT**.*

Note: When configured for a Zoom Rooms application, the CCS-UC-1 operates full-time in Zoom Rooms mode. It cannot switch modes. In Zoom Rooms mode, certain features and functions of Crestron Mercury (audio or video conferencing, multimedia presentation, content sharing, welcome screens and notifications, calendaring, occupancy sensing, usage monitoring) are disabled and supplanted by the features and functions of the Zoom Rooms software and/or additional Crestron equipment. Contact the Crestron True Blue support team at <http://www.crestron.com/support> for assistance with your system design.

SPECIFICATIONS

Included Components

- Qty. 1 CCS-UC-1 360° conferencing speakerphone and touch screen control panel with embedded Zoom Rooms app
- Qty. 1 CCS-UCA-ZOOM-CPU Intel® NUC Kit, model NUC5i7RYH, with Zoom Rooms software
- Qty. 1 CCS-UCA-KB-USB Wireless keyboard with touchpad (for setup)
- Qty. 1 CCS-UCA-MEM-USB USB flash drive (for setup)
- Qty. 1 CCS-CAM-USB-F-100 HD Camera with integral USB cable, Type A male, 6 ft (1.83 m)
- Qty. 1 CBL-USB-A-BMICRO-6 USB Cable, Type A male to micro-B male, 6 ft (1.83 m), connects from CCS-UC-1 to NUC
- Qty. 1 CBL-USB-A-EXT-15 USB extension cable, Type A male-to-female, 15 ft (4.57 m), connects from CCS-UC-1 to NUC
- Qty. 2 CBL-HD-6 HDMI® cables, Type A male-to-male, 6 ft (1.83 m), connect(s) from NUC to display device(s)
- Qty. 1 ADPT-MHD-HD Mini HDMI-to-HDMI adapter, Type C male-to-Type A female, converts one NUC display output to HDMI Type A
- Qty. 1 CBL-MDP-HD-0.5 Mini DisplayPort-to-HDMI adapter cable, mDP male-to-HDMI Type A female, 0.5 ft (15 cm), converts one NUC display output to HDMI Type A
- Qty. 1 DM-CBL-ULTRA-PC-5 Ethernet LAN cable, RJ45 male-to-male, 5 ft (1.52 m), connects NUC to LAN
- Qty. 1 Ethernet LAN cable, RJ45 male-to-male, 12 ft (3.66 m), connects CCS-UC-1 to LAN
- Qty. 1 PW-2420RU Universal power pack for CCS-UC-1^[2]
- Qty. 1 Universal AC-DC power adapter for NUC
- Qty. 1 Cable retention plate & tie wraps for CCS-UC-1
- Qty. 1 VESA/surface mounting bracket for NUC

Communications – CCS-UC-1

Ethernet: 10/100 Mbps, auto-switching, auto-negotiating, auto-discovery, full/half duplex, TCP/IP, UDP/IP, DHCP, TLS, SSH, SFTP (SSH File Transfer Protocol), IEEE 802.1X, Active Directory authentication, digest access authentication, password login, HTTPS secure provisioning, IEEE 802.3at Type 2 compliant

USB Device: USB 2.0 wired interface for connection to NUC

USB Host: USB 2.0 for commissioning

Mic Pod: A²B bus protocol, single master, multiple slave; synchronous data, multichannel I2S/TDM to I2S/TDM

Communications – NUC

Ethernet: 10/100/1000 Mbps

Wi-Fi: IEEE 802.11ac

Bluetooth®: Bluetooth 4.0

USB Host: USB 3.0

HDMI: HDMI 1.4a

DisplayPort: DisplayPort Version 1.2

Note: Refer to the Zoom website for additional software-based capabilities and specifications.

Audio – CCS-UC-1

AEC: Limes Audio TrueVoice acoustic echo cancellation, automatic mic mixing, automatic gain control, and dynamic noise reduction; full-duplex IEEE 1329 Type 1 compliant

Microphones: Quad mic array with (4) cardioid electret elements;

Pickup Range: 20 ft (6 m) typical

Speaker: Full range speaker;

Amplifier Power: 11 Watts maximum;

Output Volume: 95 dB SPL at 0.5 m;

Frequency Response: 90 Hz to 22 kHz

Video – NUC

Camera Signal Type: USB

Display Output Signal Types: HDMI, DisplayPort

Touch Screen – CCS-UC-1

Display Type: TFT active matrix color LCD

Size: 7 inch (178 mm) diagonal

Aspect Ratio: 16:9 HD 720

Resolution: 1280 x 720 pixel

Touch Screen: Capacitive, multi-touch capable

Buttons & Indicators – CCS-UC-1

Mic Mute Symbol & Light Bar: (2) Capacitive “buttons” with bi-color LEDs, either button toggles between mute and unmute, the symbol LED blinks green when the unit is powering up, all LEDs illuminate red when the mic is muted, all LEDs illuminate green when the mic is unmuted

Connectors – CCS-UC-1

Note: Unused connectors are not listed

G: (1) 6-32 screw;

Chassis ground lug

LAN: (1) 8-pin RJ45 connector, female;

10Base-T/100Base-TX Ethernet port;

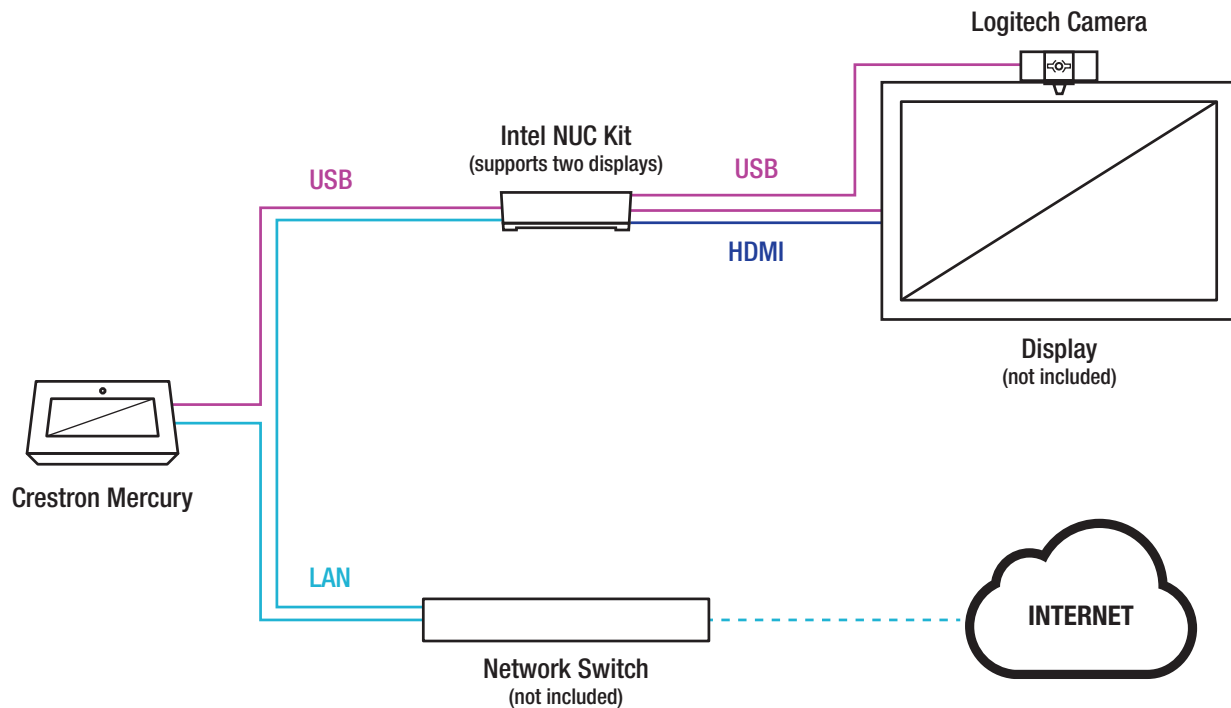

PoE+ PD port^[2]

USB B: (1) Micro-USB Type B connector, female;

USB 2.0 device port;

Connects to NUC

CCS-UC-ZOOM BASIC KIT Crestron® Zoom Rooms Basic Package

MIC POD 1 – 2: (2) RJ9 4P4C connector, female;
For connection of up to two CCS-UCA-MIC microphone pods
(sold separately) ^[2]

USB/ACC: (1) USB Type A connector, female;
USB 2.0 host port;
For setup using included USB flash drive

24V DC 2.5A: (1) 2.1 x 5.5 mm DC power connector;
24 Volt DC power input for universal power pack ^[2]

Connectors – NUC

USB: (4) USB Type A connectors, female;
USB 3.0 host ports

19VDC: (1) DC power connector;
19 Volt DC power input for AC-DC power adapter

DP: (1) Mini DisplayPort connector, female
Mini DisplayPort video output

LAN: (1) 8-pin RJ45 connector, female;
Gigabit Ethernet port

HDMI: (1) HDMI Type C connector, female;
Mini HDMI video output

Power – CCS-UC-1

Power Pack (included): Input: 100-240 Volts AC, 50/60 Hz;
Output: 2.5 Amps @ 24 Volts DC;
Model: PW-2420RU ^[2]

Power over Ethernet: IEEE 802.3at Type 2, Class 4 (25.5 W) PoE+
Powered Device ^[2]

Power consumption: 20 Watts (typical)

Power – NUC

Power Adapter (included): Input: 100-240 Volts AC, 50/60 Hz;
Output: 65 Watts @ 19 Volts DC

Environmental – CCS-UC-1

Operational Temperature: 32° to 95° F (0° to 35° C)
Storage Temperature: -4° to 160° F (-20° to 70° C)
Humidity: 5% to 95% RH (non-condensing)
Heat Dissipation: 123 BTU/hr (typical)

Environmental – NUC

Operational Temperature: 32° to 104° F (0° to 40° C)
Storage Temperature: -4° to 140° F (-20° to 60° C)

Dimensions

CCS-UC-1: Height: 4.11 in (105 mm);
Width: 8.92 in (227 mm);
Depth: 12.74 in (324 mm)

NUC: Height: 1.92 in (49 mm);
Width: 4.53 in (115 mm);
Depth: 4.37 in (111 mm)

Weight

CCS-UC-1: 5.5 lb (2.5 kg)

CCS-UC-ZOOM BASIC KIT Crestron® Zoom Rooms Basic Package

Compliance

CCS-UC-1: UL 60950-1, FCC Part 15 Class A, Japan MIC/VCCI Class A, ICES-003 Issue 5 Class A, EN55022:2010 Class A, AS/NZS CISPR22:2010 Class A, VCCI Class A, EN55024:2010, EN61000-3-2:2014, EN61000-3-3:2013, EN60950-1:2006, EN60950-A2:2013, EN60950-A11:2009, EN60950-A1:2010, EN60950-A12:2011, FCC 15.247, RSS 210 Issue 8, RSS Gen Issue 4, ETSI EN 301 489-1, ETSI EN 301 489-17, AS/NZS 4268:2012, NZ Telepermit, Australia A&C Tick, RoHS compliant

NUC: IEC 60950-1, UL 60950-1, EN 60950-1, CAN/CSA-C22.2 No. 60950-1, CISPR 22, FCC CFR Title 47 Chapter 1 Part 15 Subparts A&B, ICES-003, EN 55022, EN 55024, VCCI V-3 & V-4, KN-22, KN-24, CNS 13438, RoHS Directive 2011/65/EU, WEEE Directive 2002/96/EC, China RoHS MII Order #39

MODELS & ACCESSORIES

Available Models

CCS-UC-ZOOM BASIC KIT: Crestron® Zoom Rooms Basic Package

Included Accessories

CCS-UC-1 W/PS KIT: Crestron Mercury™ Tabletop Conference System w/Universal Power Pack (Qty. 1 included)

CCS-UCA-ZOOM-CPU: Intel® NUC Kit, model NUC5i7RYH, with Zoom Rooms Software (Qty. 1 included)

CCS-UCA-KB-USB: Wireless Keyboard w/Touchpad (Qty. 1 included)

CCS-UCA-MEM-USB: USB Flash Drive for CCS-UC-ZOOM (Qty. 1 included)

CCS-CAM-USB-F-100: Logitech® Webcam C930e (Qty. 1 included)

CBL-HD-6: Crestron® Certified HDMI® Interface Cable, 18 Gbps, 6 ft (1.8 m) (Qty. 2 included)

ADPT-MHD-HD: Mini HDMI-to-HDMI Adapter, Type C Male-to-Type A Female (Qty. 1 included)

CBL-MDP-HD-0.5: Mini DisplayPort-to-HDMI Adapter Cable, mDP Male-to-HDMI Type A Female, 0.5 ft (15 cm) (Qty. 1 included)

CBL-USB-A-EXT-15: USB Extension Cable, Type A Male-to-Female, 15 ft (4.57 m) (Qty. 1 included)

DM-CBL-ULTRA-PC-5: DigitalMedia™ Ultra Patch Cable, 5 ft (1.5 m) (Qty. 1 included)

Available Accessories

CCS-UCA-SMK: Swivel Mount Kit

CCS-UCA-MIC: Microphone Pods for CCS-UC-1

CEN-SWPOE-16: 16-Port Managed PoE Switch

Notes:

1. Requires the addition of one or two display devices, two LAN connections with internet access, and a Zoom Rooms subscription. Visit <https://zoom.us/pricing> for more information about Zoom Rooms subscription plans.
2. When used without any microphone pods connected, the CCS-UC-1 may be powered using either PoE+ or the included power pack (model PW-2420RU). If one or two mic pods are connected, the CCS-UC-1 MUST be powered using the power pack. PoE+ cannot be used to power the CCS-UC-1 if any mic pods are connected. When using PoE+, make sure the network switch supports PoE+ (802.3at Type 2). Regular PoE (802.3af or 802.3at Type 1) cannot be used to power the CCS-UC-1. Crestron recommends using the [CEN-SWPOE-16](#) 16-port switch, which supports PoE+. Please be aware, the CEN-SW-POE-5 5-port switch does NOT support PoE+ and cannot be used to power the CCS-UC-1.
