

# FT2 Series FlipTops™

Bring clean, convenient connectivity to the table

## Everything you need at your fingertips

FT2 Series FlipTop™ cable management systems make it simple to connect at a conference room table or lectern. All connections and cables are concealed inside beautiful drop-in industrial designs. And with their highly modular design, FT2 FlipTops can easily be configured and updated to meet the specific needs of any meeting space.

## Key features

### Soft, smooth, and silent

Push a button and the door silently retracts and disappears when activated

### Bright

Highly visible backlit symbols make it easy to find what you're looking for

### Fast and simple installation

Spend less time under the table

### Unobstructed surfaces and views

Pass-through lid allows connections to be concealed with cables fully extended while lid is closed

### Cables back in the table

Touch a button, cables retract

### No more power anxiety

40W, fast-charging USB-C™ and USB-A power

### Spectacular

Aesthetic design: Two finishes, no exposed screws

# A FlipTop to suit every space

Black

## Choose the right connectivity

### Premium Active FlipTop

Supports USB-C charging modules, one-touch or vertical gravity retractors, pass-through lid, and all active 4K connector plates. All labels are backlit.

- One-touch retractors with programmable functionality
- USB-A and USB-C can be used simultaneously
- Active connector plates preserves 4K60 4:4:4

### Standard Passive FlipTop

Supports AC power, basic pass-through cables, pass-through lid, flush-mount connectors in keystone plates, and gravity retractors with their precision track and pulley mechanism.

- Both active and passive support modules\*
- High-performance pass-through cables such as VGA USB, HDMI®, etc.
- Gravity-assisted track and pulley cable mechanism

## Choose your accessories

### Shelves, shrouds, and mounts

Convenient under table shelf for any FT2 FlipTop, HDBaseT® transmitter, switch or DMPS. Easily installed shrouds conceal pass-through cables, gravity retractors, and the FlipTop itself. Under table brackets allow retractors to be mounted to the center slots of FlipTops.

### Cables

High-quality interface cables, like Stereo Audio, Audio, Mini-TRS, DVI-D, HDMI, RCA, and VGA, for connecting devices. See the FlipTop Configurator for full list.

### Power supplies

An additional power supply (FT2A-UTK-PWR) can be added to support installations using two USB Rapid Charging Modules.

## A perfect fit

FT2 FlipTops are designed to fit in same industry standard cutout size as other major manufacturers and install and/or upgrade in a fraction of the time.

Fits a 5 3/4 x 7 1/8 in. (146 x 181 mm) rectangular cutout
