

UC-BRKT-200-PRO-Z-ASSY

Crestron Flex Room Upgrade Pro Solution with Zoom Rooms® Software

- *Upgrades a single Crestron Flex conference device to a complete video conference system*
- *Native Zoom Rooms® software provides a consistent user experience with simple operation and one-touch meeting joins*
- *Network management and provisioning and system alerts through the XiO Cloud® service*
- *Supports up to three video displays*
- *Easy to specify and install – no custom design, programming, or software installation required*
- *Enterprise-grade security – connects and communicates securely over any enterprise or SMB network*
- *Premium level support with Crestron Flex Care (optional)*

The UC-BRKT-200-PRO-Z-ASSY provides a customizable video conference solution for use with Zoom Rooms® software. It supports up to three video displays¹ (not included) and up to three cameras (not included). Zoom Rooms certified USB cameras (such as Crestron [IV-CAMHK-12-SLVR-1B](#), [IV-CAM-P12](#), [IV-CAM-I12-B](#), [IV-CAM-I20](#) and [IV-CAM-P20](#)) may be used.

Native Zoom Rooms Software Experience

The conferencing solution features Zoom Rooms conferencing software that enables audio and video connectivity for easy collaboration and content sharing. It is compatible with Multi-camera, Multi-stream and Intelligent Director functions.

Simplified Deployment

The UC Bracket Assembly provides preassembled components on one ready-to-mount bracket to simplify installation. The bracket comes supplied with either a HD-CONV-USB 200 or HD-CONV-USB-300 convertor. The assembly can be mounted on a wall, or it can be attached to the rear of the display device.

Enterprise Grade Security

Crestron Flex is an enterprise-grade solution that is ideally equipped for mass deployment throughout any sized corporate, university, medical, military, or government facility.

Easy Provisioning and Device Management

The XiO Cloud service is an IoT cloud-based provisioning service (available separately) that enables installers and IT managers to easily deploy and manage thousands of devices. The XiO Cloud service allows for system alerts, network management and provisioning, and the pairing of a control device to the system's UC Engine. System updates are controlled by Windows® software updates.

Visit www.crestron.com/xiocloud for additional information.

Premium Level Support

Crestron Flex Care is an optional subscription service that can be renewed annually for up to 5 years from the ship date. It includes 24/7 live remote technical support, an extended five year warranty on Crestron® hardware, expedited advance replacements, and a discounted rate for on-site support.

Visit www.crestron.com/flexcare for detailed terms and conditions and additional information.
